

ERGOTECH™

*Comfort
and
Power*

WATERBOSS™

INDUSTRIAL WATER GUNS

- Delivers more cleanup power than the competition
- Cool, comfortable grip
- Low force front trigger design
- Stainless steel internals
- Non-marring materials
- No snag trigger guard
- Lightweight
- Made in U.S.A.

WATERBOSS™

INDUSTRIAL WATER GUNS

HIGH PRESSURE - In-Line

Model: 750 - 1/2 - IL

(WaterBoss In-Line)

*Color: Orange Rating: 750 PSIG
Construction: Stainless Steel - Certified Lead Free
Inlet Connection: 1/2" NPT
Features: Stay cool ergonomic handle,
lightweight, fan to jet variable spray pattern,
with built-in stainless hose swivel*

LOW PRESSURE SERIES - VARIABLE SPRAY

Model: 300 - 1/2 - S

(WaterBoss Short Trigger)

*Color: Yellow Rating: 300 PSIG
Construction: Stainless Steel - Certified Lead Free
Inlet Connection: 1/2" NPT
Features: Stay cool ergonomic handle,
lightweight, fan to jet variable spray pattern,
with trigger stay*

Model: 300 - 1/2 - L

(WaterBoss Long Trigger)

WATERBOSS™

INDUSTRIAL WATER GUNS

HIGH PRESSURE - VARIABLE SPRAY

Model: 750 - 3/8" - L WaterBoss

Color: Orange Rating: 750 PSIG

Construction: Stainless Steel -

Certified Lead Free

Inlet Connection: 3/8" NPT

Features: Stay cool ergonomic handle, lightweight, fan to jet variable spray pattern, with trigger stay

STANDARD HIGH PRESSURE SERIES*

Model: 800 - 3/8" - L WaterBoss

Color: Red Rating: 800 PSIG

Construction: Stainless Steel -

Certified Lead Free

Inlet Connection: 3/8" NPT

Features: Stay cool ergonomic handle, lightweight, with trigger stay

Model: 1200 - 3/8" - L WaterBoss

Color: Purple Rating: 1200 PSIG

Construction: Stainless Steel -

Certified Lead Free

Inlet Connection: 3/8" NPT

Features: Stay cool ergonomic handle, lightweight, with trigger stay

* Utilizes Interchangeable Spray Nozzles and can be used with Spray Wands.

**INSULATED,
ADJUSTABLE WAND GRIP**

Model: Grip-1

Description: Adjustable wand grip with insulated handle. Slides over 1/4" wands.

FITTING SAFETY-SLEEVE Model: FSS-12

Description: The fitting safety-sleeve helps prevent accidental burns from hot hose fittings. Available in a 12" length.

HIGH PRESSURE SPRAY WANDS

Models: WSS-6 WSS-12 WSS-18 WSS-24 WSS-36
 Spray Wands: 1/4" Male NPT, Stainless Steel, 6", 12", 18", 24" and 36" available. Custom lengths on request.

LIVE HOSE SWIVELS Models: 3500 - 1/2 - SS 3500 - 3/8 - SS

Description: Live hose swivel rated to 3500 PSI 3/8" or 1/2" NPT connection. Ball bearing design insures swivel action under pressure. Eliminate hose twists and kinks. Constructed of hardened 416 stainless steel.

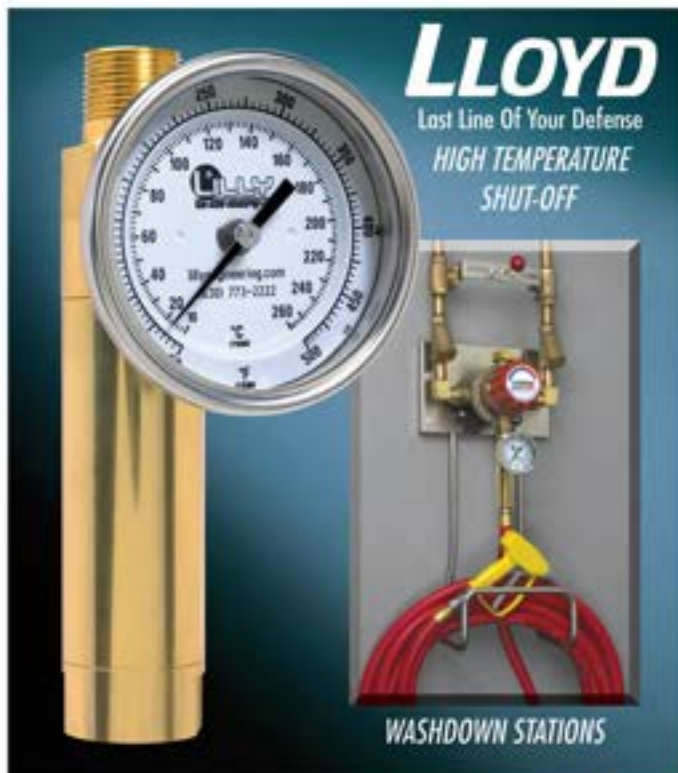

WATERBOSS NOZZLE ADAPTER Model: QCNA - 1/4

Description: 1/4" female NPT stainless steel nozzle adaptor. Permits quick change of nozzle tips and wand assemblies. Note: Use in WaterBoss models: 800-3/8-L and 1200-3/8 -L only.

STANDARD HIGH-PRESSURE NOZZLE TIPS

Description: Nozzles provide high impact spray in either a solid stream (0° Spray Angle) or flat fan spray pattern. Made from hardened 316 stainless steel for long life and flow accuracy. Maximum pressure 4000 PSI. 1/4" NPT male or female connection and spray angles of: 0°, 15°, 25°, 40°, or 65°. Please specify spray angle when ordering.

Model: Male _____ PSI _____ Angle _____ GPM _____
 Female _____ PSI _____ Angle _____ GPM _____
